## Personalized Registration Plates

(including Amateur Radio Operator and Press Photographer Plates)

### PURPOSE

This fact sheet outlines the policy for issuance of a Personalized Registration, Amateur Radio Operator and Press Photographer Plate.

### DEFINITION OF PERSONALIZED REGISTRATION PLATE

A personalized registration plate may contain up to seven letters and numbers in combination. One hyphen or one space is permitted, but not both. Special characters are not available. A personalized motorcycle registration plate may contain up to five letters and numbers in combination. **NOTE:** A hyphen or space is not recognized as part of the plate configuration and does not count as one of the letters or numbers.

### GENERAL INFORMATION

To apply for a personalized registration plate, Form MV-904, "Application for Special Registration Plate," must be completed. Personalized registration plate applicants must have a valid registration plate and valid sticker first, which the applicant shall retain pending receipt of the requested personal plate. Requests for personalized registration plates are restricted to passenger vehicles, motorcycles, or truck/motorhome vehicles with a registered gross weight of not more than 10,000 pounds. Trailers do not qualify for vanity registration plates.

A separate application must be submitted for each personalized registration plate. The fee is \$20. Make check or money order payable to the Commonwealth of Pennsylvania. PLEASE DO NOT SEND CASH.

An applicant can check vanity plate availability on PennDOT's Driver and Vehicle Services Web site, at [www.dmv.state.pa.us](http://www.dmv.state.pa.us), and select the Personalized License Availability link from the list of services under the Online Driver and Vehicle Services heading. License plates will not be reserved until PennDOT receives payment and a completed application, and approves your requested license plate configuration [number(s) and/or letter(s)]. Please note that license plate requests are processed on a first-come, first-serve basis - although a requested license plate configuration may show as available on the Web, it is possible a request for the same license plate configuration may have already been submitted by another customer and may not be available when making application. In addition, under the Pennsylvania Vehicle Code, PennDOT may refuse any combination of letters and numbers for cause and reserves the right to limit or reject certain requests.

To replace a defaced personalized plate, the defaced plate must be surrendered to the Department. The fee to replace a defaced personalized registration plate is \$20. In addition, in order for the vehicle to be legally operated pending receipt of the replaced personalized plate, an applicant must also submit Form MV-44, "Application for Duplicate Registration Card, Replacement of Registration Plate, Renewal Sticker or Weight Class Sticker," and a fee for \$7.50 to be issued a standard issued registration plate. NOTE: The vehicle may not be driven until the applicant is in receipt of the standard issued registration plate. If the plate is lost or stolen, the registration plate configuration cannot be reissued. New vehicles must be titled and registered prior to a personalized plate being issued.

Allow eight to 10 weeks for delivery of your plate.
